PREFACE

The Literature Catalog is published by Literature and Distribution Services (LDS) to serve the documentation needs of Control Data's sales force, system support personnel, field engineers, and internal/external customers.

The catalog is comprised of six sections:

- Control Data 4000 Series Documentation
- Hardware - Equipment Identification Number
This section lists hardware manuals by equipment identification number for individual equipment. Product numbers are included in parentheses after the equipment identification number.
- Hardware - Product/System Number
This section lists hardware manuals by product or system numbers and many entries include a cross-reference to an equipment identification number.
- Software - Operating System
This section lists software manuals by operating system and the appropriate product set. Also, application manuals are printed beneath the system heading. If a software item runs on more than one system, it is listed under each one.
- Miscellaneous
This section lists both hardware and software publications in alphabetical order by title. Also included in this section are promotional materials for ordering by Control Data sites only.
- Quick Reference
This section lists the manuals by publication number.

CONTROL DATA PERSONNEL ORDERING PROCEDURES

LDS ORDER FORM

Use the Order Form (AA1538-2) shown on the preceding page. Complete the following steps as you fill out the form.

1. Complete shipping address.
2. Corp Code and Cost Center to be billed.
3. Publications listed in numerical order
4. Revision packets for manuals are ordered by placing the publication number in the first column, the letter P in the column marked P, and the revision level needed in the column marked RV. If the revision packet is not available and the manuals may be substituted, enter BOOKFORM ACCEPTABLE under special instructions.
5. B Column - all items are automatically backordered.
6. Indicate special shipping instructions, etc.

PLACING ORDERS

The order form can be sent to LDS in the mail, or faxed to 612-482-3813. Orders can also be sent on E-Mail to the attention of LDS. E-Mail orders must include the same information required on the order form.

All orders will be shipped routine surface unless noted otherwise on the order. Rush orders should be noted as either Rush Overnight or Rush 2nd Day. Rush orders can also be phoned in to 612-482-3800.

RETURN TO STOCK

LDS reserves the right to refuse any publications that are requested to be returned.

A return authorization number must be assigned from LDS before items can be returned. Each request for return will be analyzed prior to the return authorization number being assigned. Returns can be denied because of revision level, overstock, or shipping costs. Also, if a return is authorized, the item will be restocked at LDS but credit will not be given to the ordering department.
